

The Office Action dated May 27, 2009 has been received and carefully noted. The following remarks are submitted as a full and complete response thereto.

The Office Action of May 27, 2009 presented a restriction requirement, requiring election between one of the following three inventions:

Invention I, recited in claims 1-13, directed to a device and system which enables initiation of a connection by using tags;

Invention II, recited in claims 14-32, directed to a network, device, methods with multiple characteristics of operation, wherein the characteristics are dependent upon and selected based upon the location of the device and location to the detection; and

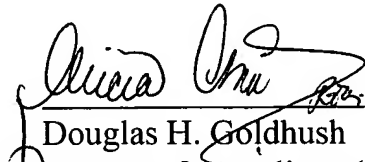

Invention III, recited in claims 33-49, directed to a device and methods having multiple themes, wherein a selected theme defines how the devices are controlled.

Applicants respectfully elect to prosecute the subject matter of Invention I, recited in claims 1-13, drawn to a device and system. Applicants therefore respectfully request timely consideration on the merits.

Applicants reserve the right to file a divisional application on the non-elected claims at any point prior to the termination of the proceedings in the subject application.

In the event this paper is not being timely filed, the applicants respectfully petition for an appropriate extension of time. Any fees for such an extension together with any additional fees may be charged to Counsel's Deposit Account 50-2222.

Respectfully submitted,

Douglas H. Goldhush
